3. BOARD OF DIRECTORS' REPORT

The French company Interparfums SA, listed on Euronext Paris, proposes to absorb the French company Interparfums Holding SAS in December 2025.

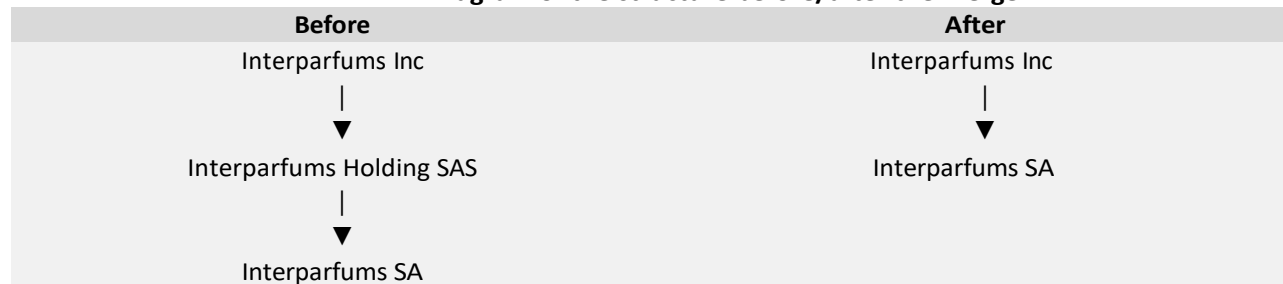

- **Reasons and purpose of the transaction:**

To date, Interparfums Holding SAS has no operational activities. Its sole asset (excluding cash) consists of shares in Interparfums SA. This company has no development objectives of its own, nor any specific investment projects.

This transaction has the advantage of simplifying the shareholding structure of the French company Interparfums SA by simply replacing its sole shareholder, the French company Interparfums Holding SAS, with the American company Interparfums Inc., whose shares are listed on the Nasdaq in New York.

The Board of Directors of Interparfums SA and the Chairman of Interparfums Holding SAS have therefore decided to present to their respective shareholders a plan to merge Interparfums SA and Interparfums Holding SAS, with the former absorbing the latter. It should be noted that Interparfums SA is controlled at the highest level by Philippe Benacin and Jean Madar.

Diagram of the structure before/after the merger

Caption: Simplified structure of Interparfums after the merger (disappearance of Interparfums Holding SAS).

- **Characteristics of the merger:**

The valuation of the contributions in connection with the merger is as follows:

Assets contributed by Interparfums Holding SAS:	€ 1,911,858,200
Liabilities assumed by Interparfums SA:	€ 234,227
The net assets contributed thus amount to:	€ 1,911,623,973

It should be noted that the assets and liabilities transferred have been valued at their fair values.

In consideration and representation of the net assets transferred as part of the merger, 60,632,062 new shares will be created and fully paid up by the French company Interparfums SA. These shares will all be allocated to the US company Interparfums Inc, the sole shareholder of Interparfums Holding SAS. The share capital of Interparfums SA will thus be increased by a nominal amount of €181,896,186, bringing it from €251,183,547 to €433,079,733.

These new shares would be allocated to the shareholders of Interparfums Holding SAS at a ratio of 25.5852 Interparfums SA shares for each share of Interparfums Holding SAS. As Interparfums Holding SAS's sole asset (excluding cash) is its Interparfums SA shares, the merger ratio between Interparfums SA and Interparfums Holding SAS is established on a transparency basis.

The President of the Paris Economic Activities Court has appointed Mr. Robert Bellaiche and Mr. Laurent Benedict as merger commissioners. They have already prepared their reports and concluded that the exchange ratio is fair and that the net assets contributed by the absorbed company are at least equal to the nominal amount of the capital increase of the absorbing company.

The difference between:

- The net assets contributed, i.e.	€1,911,623,973
- And the nominal amount of the shares to be created by the Absorbing Company, i.e.	€181,896,186
Representing the sum of	€1,729,727,787

Constitutes the merger premium.

As part of the merger, Interparfums SA will receive 60,564,819 of its own shares. These shares are intended to be canceled in their entirety. The share capital of Interparfums SA will thus be reduced by €181,694,457 to €251,385,276.

The difference between the contribution value of these shares, i.e., €1,909,503,048, and the amount of capital reduction, i.e., €181,694,457, representing a total of €1,727,808,591, will be charged to the merger premium, the amount of which will thus be reduced to €1,919,196.

From an accounting and tax perspective, all transactions carried out by the Absorbed Company from October 1, 2025, until the date of final completion of the merger will be taken over by the Absorbing Company.

- **Impact on the distribution of Interparfums SA's capital**

As of August 31, 2025, the capital and voting rights of Interparfums SA were distributed as follows:

	Shares held	% of capital	Theoretical voting rights	% of theoretical voting rights	Actual voting rights	% of actual voting rights
Interparfums Holding SAS	60,564,819	72.34%	116,964,488	83.14%	116,964,488	83.20%
Public	23,062,323	27.54%	23,623,833	16.79%	23,623,833	16.80%
Treasury shares held	100,707	0.12%	100,707	0.07%	-	-
Total	83,727,849	100%	140,689,028	100%	140,588,321	100%

The capital and voting rights of Interparfums SA would be distributed as follows following the merger and cancellation of all Interparfums SA shares received by the latter in connection with the merger:

	Shares held	% of capital	Theoretical voting rights	% of theoretical voting rights	Actual voting rights	% of of actual voting rights
Interparfums Inc	60,632,062	72.36%	121,264,124	83.64%	121,264,124	83.70%
Public	23,062,323	27.52%	23,623,833	16.29%	23,623,833	16.30%
Treasury shares held	100,707	0.12%	100,707	0.07%	-	-
Total	83,795,092	100%	144,988,664	100%	144,887,957	100%

- **Completion of merger**

In a decision dated November 6, 2025, the AMF found that this transaction does not require the prior filing of a Public Withdrawal Offer pursuant to Article 236-6 of the AMF's General Regulations.

The proposed merger is subject to the approval of the merger by the sole shareholder of Interparfums Holding SAS and to your approval at this Meeting.

You are therefore kindly requested to vote in favor of all the resolutions submitted to you at this Meeting.

You will find on our website: www.interparfums-finance.fr under the heading Stock Market/Shareholders/General Meeting/Documentation, an information document known as the "merger exemption document" which describes the transaction in greater detail. This document, filed with the AMF, was made available to you 30 days prior to this Meeting.

4. DRAFT RESOLUTIONS SUBMITTED FOR APPROVAL BY THE EXTRAORDINARY GENERAL MEETING

FIRST RESOLUTION

Approval of the merger plan providing for the transfer of the assets of Interparfums Holding to the Company; consequently, increase in share capital

After reviewing the merger plan providing for the universal transfer of Interparfums Holding's assets to the Company, the reports of the Board of Directors and the merger auditors, and the information document known as the "merger document," the Extraordinary General Meeting approves this merger plan in its entirety, and specifically:

- the proposed exchange ratio of 25.5852 shares of the Company for 1 share of Interparfums Holding,
- the valuation at fair value of the transferred assets and liabilities,
- the value of the transferred assets thus valued, amounting to a net sum of €1,911,623,973,
- the expected amount of the merger premium, i.e., €1,729,727,787.

Consequently, the General Meeting approves the merger provided for in the agreement entered with Interparfums Holding and the resulting capital increase of a nominal amount of €181,896,186, represented by 60,632,062 new ordinary shares with a nominal value of €3 each, to be distributed among the shareholders of Interparfums Holding in accordance with the approved exchange ratio.

The new shares will carry current dividend rights and will, upon creation, be treated as existing ordinary shares and subject to all provisions of the Articles of Association.

The share capital is thus increased from €251,183,547 to €433,079,733.

SECOND RESOLUTION

Recognition of the completion of the merger – allocation of the merger premium

The Extraordinary General Meeting notes that, as a result of:

- the adoption of the preceding resolution,
- the fulfillment of all conditions precedent provided for in the merger plan, and
- the approval of the transaction by the sole shareholder of Interparfums Holding,

The merger of Interparfums Holding and the Company, through the absorption of the former by the latter, is final.

Consequently, it notes that the merger by absorption of Interparfums Holding and the increase in the Company's share capital are

final and that Interparfums Holding is therefore definitively dissolved without liquidation.

The Extraordinary General Meeting decides to authorize the Board of Directors to charge the costs incurred by the merger that has just been completed to the merger premium.

The Extraordinary General Meeting authorizes the Chief Executive Officer, with the power to sub-delegate, to complete all formalities, draw up and sign all deeds (including the declaration of regularity and compliance), declarations and documents that may be necessary to ensure the proper transfer of all assets, rights, and obligations of Interparfums Holding to the Company.

THIRD RESOLUTION

Capital reduction for the cancellation of treasury shares received by Interparfums Holding as part of the merger

The Extraordinary General Meeting, having reviewed the reports of the Board of Directors and the Statutory Auditors:

- notes that among the assets transferred by Interparfums Holding are 60,564,819 shares in the Company that the latter does not intend to retain;
- decides to cancel these shares and to reduce the share capital accordingly by €181,694,457, corresponding to the

nominal value of the cancelled shares, thereby reducing the Company's capital from €433,079,733 to €251,385,276;

- decides that the difference between the contribution value of the said shares, i.e. €1,909,503,048, and the amount of the capital reduction, i.e., €181,694,457, thus representing the sum of €1,727,808,591 shall be deducted from the merger premium, the amount of which shall thus be reduced to €1,919,196.

FOURTH RESOLUTION

Amendments to the Articles of Association relating to the merger and capital reduction;

Following the completion of the merger and capital reduction operations decided upon in accordance with the preceding resolutions, the Extraordinary General Meeting decides to amend Article 6 of the Articles of Association as follows:

"The share capital is set at two hundred and fifty-one million, three hundred and eighty-five thousand, two hundred and seventy-six EUROS (€251,385,276). It is divided into eighty-three million seven hundred ninety-five thousand ninety-two SHARES (83,795,092) with a par value of €3 each, fully paid up and subscribed.

Following the deliberations of the Extraordinary General Meeting of Shareholders on December 17, 2025: The share capital was increased by €181,896,186 in consideration for the merger with Interparfums Holding, bringing it from € 251,183,547, to €433,079,733 through the creation of 60,632,062 new shares with a par value of €3 each.

The share capital was reduced by €181,694,457 through the cancellation of 60,564,819 treasury shares with a par value of 3 euros each received in connection with the absorption of Interparfums Holding."

FIFTH RESOLUTION

Powers for formalities.

The Extraordinary General Meeting grants full powers to the bearer of a copy or extract of these minutes to carry out all the filing and publicity formalities required by law.

5. Summary of the Company's activity in 2024

Evolution of the Company's activity in 2024

With quarterly sales once again exceeding €200 million in the fourth quarter of 2024, the Interparfums Group achieved its targets for the full year: sales for the 2024 financial year amounted to €880.5 million, up 10.3% at current exchange rates and

compared to fiscal year 2023. This performance reflects continued strong demand for the portfolio's flagship brands and an extremely positive first year for Lacoste fragrances.

After growing 16% in 2023, Jimmy Choo fragrances recorded a further increase in sales in 2024 of nearly 7% and continued their development thanks to the successful launch of the I Want Choo Le Parfum line, which began last June.

With sales once again exceeding €200 million for the year, Montblanc fragrances consolidated their position thanks to the strength of the *Montblanc Legend* and *Montblanc Explorer* lines.

Following very strong sales growth in 2023, continued demand for virtually all of *Coach's* historic women's and men's lines is once again helping to consolidate the business in 2024 ahead of the launch of two major new ranges in 2025.

Growth by geographic region

In North America, following very strong sales growth in recent years (+27% in 2022 and +13% in 2023), thanks to several extremely successful launches, particularly for the Jimmy Choo and Coach brands, business remains buoyant in 2024 with sales of €332 million in a perfume market that remains active, particularly in the United States.

After sales rose 29% in 2023, South America continues its positive trend with 13% growth in 2024, supported by the resumption of distribution of Lacoste fragrances and the strength of Montblanc fragrances.

Lacoste fragrances posted sales of nearly €80 million in 2024, well above expectations at the start of the year, and had a very promising first year of operation, thanks to the strong performance of the *L.12.12* lines and the successful launch of the *Lacoste Original* line in France and internationally.

More stable business in Eastern Europe and Asia in the second half of the year enabled Lanvin fragrances to limit their decline in a year without any major launches.

Rochas fragrances showed slight growth, driven by strong sales of the *Eau de Rochas*, *Citron Soleil* and *Orange Horizon* lines, the first additions to a collection derived from the *Eau de Rochas* line.

While some markets in Asia are consolidating their activity after three years of very strong growth (Australia) or appear less buoyant (South Korea), the overall trend remains positive in Singapore, Japan and also China (+18%).

After a difficult first half of the year, the recovery in shipments to certain markets, the strong performance of flagship brands and the resumption of distribution of Lacoste fragrances enabled Eastern Europe to return to growth in 2024.

Thanks to a 40% increase in sales in the second half of 2024, Western Europe posted growth of nearly 25% for the full year 2024, driven by the launch of the *Jimmy Choo I Want Choo Le Parfum* and *Lacoste Original* lines.

France performed very well, exceeding expectations, mainly thanks to the Rochas and Jimmy Choo brands, a trend reinforced by the very positive recovery

in the distribution of Lacoste fragrances and the launch of the *Lacoste Original* line in the middle of the year.

Finally, while the Middle East continues to suffer from the repercussions of ongoing conflicts in the region and a reduction in the number of points of sale in many markets, business remains positive thanks to Montblanc, Jimmy Choo, and Lacoste fragrances.
